Пожежна
частина

A colorful cartoon illustration of a fire station. The station is made of light brown wood with a gabled roof. A large arched doorway is filled with a white, lined paper background where text is written. To the right of the doorway is a silver metal ladder leaning against the wall. In the foreground, on the left, are two red fire hose reels with black hoses. In the center foreground, a yellow bone lies on the ground. On the right, a small black and white spotted dog wearing a yellow fire helmet is looking towards the left. The background shows a clear blue sky and a hint of green grass.

Леон – пожежник!
Це його машина,
Червона, ніби сонечко ясне,
В машині є і шланги, і драбина,
Що досягне до неба половини,
Врятує від вогню тебе й мене!
